## ABOUT THE INSTITUTE

\*\*\*\*\*

The Institute of Professional Excellence & Management (IPEM), Ghaziabad- established in 1996, conducts various Programs in Computer Applications & Information Technology besides others, in Management, Law and Education. These are approved by the concerned professional approving bodies and affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow and Ch. Charan Singh University, Meerut, Uttar Pradesh, India.

## E-CONFERENCE OBJECTIVE

\*\*\*\*\*

The Computer Applications Department of Institute of Professional Excellence & Management, Ghaziabad, UP, India has organized an “4<sup>th</sup> International E-Conference on Computing and Data Science” with theme: Advanced and Emerging applications in computing and Data science (AEACDS: 2023) on 15 December 2023 (Friday) in online mode through Zoom link . The conference is webcast Live streamed through YouTube channel all over the world. This conference is organized in association with CII, YI, Eco Roots Foundation, NCFT and Jahan University Kabul Afghanistan. The objective of AEACDS 2023 is to bring together researchers and practitioners from academic and industry to highlight the importance of computing technologies and data science as well as establish new collaborations in these areas. The conference looks for significant contributions to computing, data mining and data science in theoretical and practical aspects.

## THEMES AND SUB THEMES OF THE CONFERENCE

\*\*\*\*\*

**Computing:** Scientific Computing, Computer Modeling, Cloud Computing, Parallel Computing, Mobile Computing, Simulation, Computational Optimization, Distributed Computing, High Performance Computing, Soft Computing Theory and Applications , Parallel and Distributed Computing, Cluster Computing, Supercomputing, Autonomic Computing,P2P Computing

,Mobile Computing ,Grid and Semantic Grid Computing ,Workflow Design and Practice  
Computer and Network Architecture , Web Based Computing .

**Internet of Things:** Wireless Sensor Networks, Cloud Computing, Big data analytics, Communication protocols, Embedded Systems, IoT Levels and Templates Domain Specific IoTs Home, City, Environment, Energy, Retail, Logistics, Agriculture, Industry, health and Lifestyle, NETCOZF, YANG- NETCONF, YANG, SNMP NETOPEER, Cloud Storage models and communication APIs Webserver Web server for IoT, Cloud for IoT, Python web application framework Designing a RESTful web API.

**Cloud Computing:** data link layer protocols, sliding window protocols, example of data link protocol- HDLC, Channel allocation problem, multiple access protocols, Introduction to ALOHA, CSMA/CD, CSMA/CA, routing, flooding, distance vector routing, link state routing (without algorithms), congestion control and quality of service, internetworking, IP, Ipv4 Addressing vs Ipv6

**Cyber Security:** Data Security Considerations-(Backups, Archival Storage and Disposal of Data), Security Technology- (Firewall, VPNs, Intrusion Detection System), Access Control. Security Threats -Viruses, Worms, Trojan Horse, Bombs, Trapdoors, Spoofs, E-mail Viruses, Macro Viruses, Malicious software, Network and Denial of Services Attack. WWW policies, Email Security policies, Corporate Policies, Sample Security Policies.

**Machine Learning:** Artificial Intelligence Tools & Applications, Hybrid Intelligent Systems, Natural Language Processing, Computer Vision, Image process, Heuristic and AI Planning Strategies and Tools, Computational Theories of Learning, Intelligent System Architectures, Neural Networks and applications, Pervasive Computing and Ambient Intelligence, Reasoning and Evolution, Semantic Web Techniques and Technologies, Web Intelligence Applications and Search.

**Big Data Analytics, Data Mining & AI:** Big Data Analytics and Algorithms, Optimization and Big Data, Data Clustering ,Artificial Intelligence, Neural Networks, Computing, Data Mining & Data Warehousing, Big Data Technologies, Big data security and privacy, Computational Linguistics , Information Retrieval , Natural Language Processing & Text Mining ,Visual and Audio Data Mining , Scientific and Statistical Data Mining , Collaborative Filtering , Social Impacts of Data Mining ,Speech Recognition, Virtual Agents, AI-optimized Hardware, Decision

Management, Deep Learning Platforms, Biometrics, Robotic Process Automation, Text Analytics and NLP.

**Data Sciences:** Databases, Data Management, Data Analytics, Social Network Analysis, Time Series Analysis, Forecasting, Data Security, Predictive Modeling, Data Analytics, Change Detection, Medical informatics, Distributed and Parallel Algorithms for Data Science, Big Data Representation and Visualization, Business Intelligence, Data-Lakes, Big-Data Technologies, Text Analytics, Image Interpretations, Web Analytics, Mobile Analytics, High Performance Computing for Data Analytics, Knowledge Discovery Theories, Models and Systems, Human-Machine Interaction and Interfaces, Crowd sourcing and Collective Intelligence, Data Security.

**Advanced Algorithm:** Advanced Computing Architectures and New Programming Models, Sequential, Parallel and Distributed Algorithms and Data Structures, Advanced Numerical Algorithms, Pervasive and Ubiquitous Computing Techniques, Constraint- Based Algorithms, Web Algorithms, Design and Analysis of Geometric Algorithms, Computational Methods and Algorithms, On-line and Streaming Algorithms, Graph Algorithms and Graph Drawing, High Performance Computing and Processing, High Performance Data Mining Algorithms, Machine Learning Theory, Prediction Theory.

**AEACDS: 2023 Tentative BUDGET**

**4th International E-Conference on Computing & Data Science**

**“Advanced and Emerging Applications in Computing and Data Science”**

<b>S.No.</b>	<b>Particulars</b>	<b>Budgeted Amount</b>
1.	<p><b>Honorarium for International Speakers</b> <i>Rs. 11000×3=33,000 (As per policy)</i></p> <ol style="list-style-type: none"> <li>1. Prof (Dr.) Brian A. ## E-CONFERENCE BROCHURE & PROGRAMME SCHEDULE

**4TH INTERNATIONAL E-CONFERENCE  
COMPUTING & DATA SCIENCE**

**Theme**  
**Advanced and Emerging Applications in  
computing and Data Science  
(AEACDS: 2023)**

**FRIDAY, 15 December 2023**

**ONLINE MODE**

[www.icds.ipem.edu.in](http://www.icds.ipem.edu.in)

**• Big Data Analytics, Data Mining & AI:**

Big Data, Analytics and Algorithms, Optimization and Big Data, Data Clustering, Artificial Intelligence, Neural Networks, Computing, Data Mining & Data Warehousing, Big Data Technologies, Big Data security and privacy, Computational Linguistics, Information Retrieval, Natural Language Processing & Text Mining, Visual and Audio Data Mining, Scientific and Statistical Data Mining, Collaborative Filtering, Social Impact of Data Mining, Search Recommendation, Virtual Agents, Algorithmic Hardware, Decision Management, Deep Learning Metrics, Bioinformatics, Robotic Process Automation, Text Analytics and NLP.

**• Data Science:**

Database, Data Management, Data Analytics, Social Network Analysis, Time Series Analysis, Forecasting, Data Security, Predictive Modeling, Data Analytics, Change Detection, Medical Informatics, Distributed and Parallel Algorithms for Data Science, Data Compression and Visualization, Business Intelligence, Data Mining, Big Data Technologies, Text Analytics, Image Interpretation, Web Analytics, Mobile Analytics, High Performance Computing for Data Analytics, Knowledge Discovery, Streams, Mobile and Systems, Heterogeneous Information and Knowledge, Cloud computing and Collective Intelligence, Data Security.

**• Artificial Intelligence & Robotics Track:**

Intelligent communication, intelligent resource allocation, intelligent management (open communication), intelligent software defined networks, intelligent positioning and navigation systems, AI & wireless communication, intelligent wireless sensor networks, AI based underwater sensor networks, Robot design, development and control, Telemetry and Teleoperation, Virtual Reality, Virtual language dialogue with robots, Web based control.

**• Advanced Algorithms:**

Advanced Computing Architectures and New Programming Models, Sequential, Parallel and Distributed Algorithms and Data Structures, Advanced Iterational Algorithms, Parallel and Distributed Computing Techniques, Constraint-Based Algorithms, Web Algorithms, Design and Analysis of Combinatorial Algorithms, Computational Methods and Algorithms, Combinatorial Algorithms, Graph Algorithms and Graph Drawing, High Performance.

**\*\*Tracks not limited to these only**

**Mode of Presentation: ZOOM Platform and Live on IPEM You Tube channel  
Who Should Attend: Speakers & Participants: Academia, Industry Professionals, Research Scholars, and Social Service Organizations & Students.**

**International Speakers, National Speakers, Guest of Honor, Session Chair of the Conference**  
A great speaker is driven to know his stuff and care about a particular topic. His passion will cause others to be interested, not just because of his finesse of presenting, but also because he is richly enjoying the hobby, he wants his audience to accept. We have invited many of the speakers from reputed universities from abroad as well as from India.

**Full Length Paper Submission AEACDS-2023**

The full length paper has to be submitted using the following link of Registered Conference Management System (CMS). The Abstract / Paper Must be submitted to both the links in (.doc) and (.pdf) form.

On Conference Registered E-mail: [conference@ipemgzb.ac.in](mailto:conference@ipemgzb.ac.in)

EASYCHAIR ID#: <https://easychair.org/conferences/1confaeacds2023>

Authors are requested to submit articles that discuss research results, projects, surveying works and industrial experiences that describe significant advances in their own domain.

**Guidelines for submission of Abstract & Papers**

1. Original papers based on theoretical or experimental works related to the Conference theme for presentation to the session.
2. The total length of the paper must not exceed six A4 size pages including text, figures, graph, tables & bibliography etc.
3. The Abstract/Paper should be typed in MS Word. Default Times New Roman and 12 font spacing. The Abstract should be limited to 500 words only and the full paper should be 10-12 pages.
4. The paper should begin with title, short abstract and a list of keywords. Simultaneous submission (papers already submitted to other conferences/journals) are not allowed.

**About the Institute**

The Institute of Professional Excellence & Management (IPEM), Ghaziabad established in 1996, conducts various Programs in Computer Applications & Information Technology fields viz., in Management, Law and Education. These are approved by the concerned professional approving bodies and affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow and Ch. Charan Singh University, Meerut, Uttar Pradesh, India. The IPEM has completed 28 years of its existence and is organizing an International Conference on Computing and Data Science with Theme "Advanced and Emerging Applications in computing and Data Science (AEACDS-2023)" on 15th December (Friday).

**About the E-Conference & It's Objectives**

The Computer Applications Department of Institute of Professional Excellence & Management, Ghaziabad, UP, India is organizing an International Conference on Computing and Data Science 2023 Theme "Advanced and Emerging Applications in computing and Data Science (AEACDS-2023)" on 15th December (Friday). The objective of AEACDS-2023 is to bring together researchers and practitioners from academia and industry to highlight the importance of computing technologies and data science as well as establish new collaborations in these areas. The conference looks for significant contributions in computing, data mining and data science in theoretical and practical aspects.

**Sub Themes of the Conference:**

- Computing:**  
Scientific Computing, Computer Modeling, Cloud Computing, Parallel Computing, Mobile Computing, Streaming, Computational Optimization, Distributed Computing, High Performance Computing, Soft Computing Theory and Applications, Parallel and Distributed Computing, Cluster Computing, Supercomputing, Antennae, Computing/3D Computing, Mobile Computing, Grid and Semantic Grid Computing, Workflow Design and Practice Computer and Network Architecture, Web Based Computing.
- Internet of Things:**  
Wireless Sensor Networks, Cloud Computing, Big data analysis, Containerization protocols, Embedded Systems, IoT Levels and Topology Domain Specific IoT - Home, City, Environment, Energy, Retail, Logistics, Agriculture, Industry, health and Lifestyle, NET/EDGE, YANG- NETCONF, YANG, SDMP/NETCONF, Cloud Storage models and containerization API.
- Cloud Computing:**  
Data link layer design issues, Flow Control, Stop and Wait, Error Detection, Error Control, error detection and correction, data link layer protocols, sliding window protocols, example of data link protocols HDLC, Channel allocation problem, multiple access protocols, Introduction to ALOHA, CSMA/CD, CSMA/CA, routing, flooding, distance vector routing, link state routing (shortest algorithms), congestion control and quality of service, network routing, IP, IPsec Addressing in IPv6.
- Cyber Security:**  
Data Security Considerations-Backups, Archival Storage and Disposal of Data, Security Technologies-Firewall, VPN, Intrusion Detection System), Access Control, Security Threats-Virus, Worms, Trojan Horse, Botnet, Trojans, Spoofs, Social Viruses, Macro Viruses, Malicious software, Network and Denial of Service Attack, WWW policies, Email Security policies, Corporate Policies, Single Security Feature.
- Machine Learning:**  
Artificial Intelligence Tools & Applications, Hybrid Intelligent Systems, Natural Language Processing, Computer Vision, Image processing, Bioinformatics and IT, Learning, Principles and Tools, Computational Theories of Learning, Intelligent System Architectures, Neural Networks and applications, Persuasive Computing and Ambient Intelligence, Reasoning and Evolution, Semantic Web Techniques and Technologies, Web Intelligence Applications and Search.

1. Author(s) should mention their designation along with the institutional affiliation and contact details.
  2. All the photographs should be submitted as large size and good quality JPEG images. Content and figures should be clearly readable.
  3. Graphs and bar diagrams should preferably be prepared using Microsoft Excel and submitted as hard print graph in Word.
  4. Markings & Aesthetics are essential in a Research Paper.
  5. Please do not submit plagiarized papers.
- All accepted and presented papers of the E-Conference by duly registered author(s) will be published in the IPEM Journal of Computer Applications & Research (ISSN: 25164073).
- The high quality research papers may be considered for Peer Reviewed including journals such as Scopus & SJOR. Care as the terms and conditions of the journals. If the content is intended for publication in these journals, the article processing fee will be borne by the author other than the conference Registration fee.

**Important Dates: AEACDS 2023**

Last date for submission of Abstract with Registration	1st October 2023
Submission of Full-Length Paper	20th October 2023
Full length Paper Editing Notification (Plagcheck etc.)	1st November 2023
Last date of Revised full length paper submission with conference payment etc.	15th November 2023

**Registration Fee & Mode of Payment:**

Registration can be done through the conference website:

## International Keynote Speaker's Profiles

\*\*\*\*\*

**DR. BRIAN A. BARSKY**  
**PROFESSOR**

**Emeritus of Computer Science & Vision Science University of California, Berkeley  
USA**

### Profile:

Brian A. Barsky is Professor of the Graduate School at the University of California, Berkeley with faculty affiliations in Electrical Engineering and Computer Sciences (EECS), Optometry, Vision Science, Bioengineering, Berkeley Institute of Design (BID), Berkeley Center for New Media (BCNM), Arts Research Center (ARC), and Berkeley Canadian Studies Program.

He is a Fellow of the American Academy of Optometry (F.A.A.O.), a UC Berkeley Presidential Chair Fellow, a Warren and Marjorie Minner Faculty Fellow in Engineering Ethics and Professional/Social Responsibility, and an ACM Distinguished Speaker. Dr. Barsky was a recipient of an IBM Faculty Development Award and a National Science Foundation Presidential Young Investigator Award.

**PROF (DR.) LAITH R. FLAIH**  
**PROFESSOR**

Department of Computer Science,  
Cihan University, Erbil

**Profile :** Prof Laith R. Flaih is an Assistant Professor in Department of Computer, Cihan University-Erbil, Kurdistan Region, His Scientific Publications are:

1. (23) Journal papers.
2. ( 8 ) Conference papers.
3. (1) Published books.

and Research interests are:

1. Data Mining
2. Web Mining
3. Intelligent Systems
4. Big Data

**PROF (DR.) MOHAMMAD  
SALEM HAMIDI**  
**VICE CHANCELLOR**

Jahan University Kabul

Profile:

Prof Salem is a Professor of Computer Engineering & Vice Chancellor Jahan University Kabul Afghanistan . His area of research are network and software security.

**PROF UTTAM KARKI**  
**PROFESSOR**

Department of Computer Science  
and IT, Kathmandu University,  
Nepal

Profile :

Assistant Prof Uttam Karki is working as Assistant professor in Department of computer science and IT Nepal college of management which is affiliated to Kathmandu university Nepal ,a dedicated Ph.D. scholar specializing in Machine Learning at the Institute of Engineering, Tribhuvan University. His expertise lies in the field of Computer Engineering, and he boasts a decade of rich academic experience. Over the years, he has contributed significantly to institutions such as Kathmandu University, Tribhuvan University, Pokhara University, Purwanchal University, Mid-Western University, and various foreign universities. Karki's commitment to advancing knowledge in the realm of machine learning has made him a valuable asset in academia.

## National Speakers & Guest of Honor's Profile

\*\*\*\*\*

**DR. RAMESH BABU BATTULA**  
**PROFESSOR**

Department of Computer Engineering Malaviya National Institute of  
Technology Jaipur, India

www.facebook.com/ipemgzb

**INSTITUTE OF PROFESSIONAL EXCELLENCE & MANAGEMENT**

UGC 12(B) & 2(f) Certified | An ISO 9001:2015 Certified

NH-9, Ghaziabad, U.P.-201010

0120-4174500 | info@ipemgzb.ac.in

### Profile :

Ramesh Babu Battula is an assistant professor in the department of computer science and engineering at Malaviya national institute of technology Jaipur. He received PhD in CSE from MNIT Jaipur, M.Tech (CSE) from IIT Guwahati, and B.Tech (IST) from Acharya Nagarjuna University (i.e. from KLCE). His work focuses on decentralized learning for security (i.e., AI for Blockchain and Blockchain for AI, Next-generation distributed ledgers), computer security, Intelligent communication and networks (like 5G and beyond, IOV, etc.). He is a life member of ACM communications, Member of IEEE, Member of IEEE Future Networks, TIMES, IENG, etc. He authored many research articles in reputed journals like IEEE/IET, ACM, Elsevier, Springer, etc., and received many research-funded projects from DST, MeitY, etc., as well as Consultancy projects.

**DR. RAHUL KATARYA**  
**PROFESSOR**

Department of Computer science and Engineering, Delhi  
Technological University, New Delhi , India

### Profile :

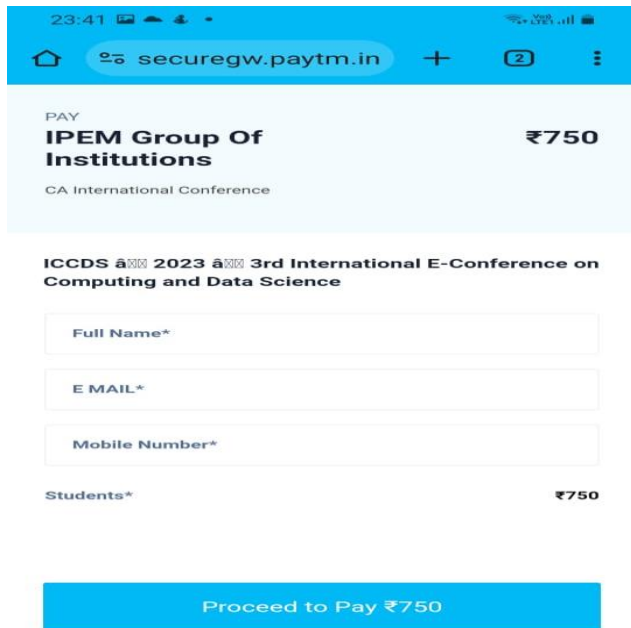

Prof Katarya is presently working with Department of Computer Science & Engineering, Delhi Technological University (DTU), New Delhi, India, His Research Areas include Big Data analytics Artificial intelligence Social Networks Recommender systems Machine learning

## Abstracts and Papers contributed / Presented in the E-conference

\*\*\*\*\*

A total of 60 abstracts from International and National Authors has been Received for the contribution in the conference mainly across the globe from USA, Kabul , Nepal , Africa, Kurdistan ,Erbil etc. and across India from Tamil Nadu , Delhi , Rajasthan , Kerala , Uttar Pradesh , Haryana and Punjab along with the internal contribution from CA faculty and students, out of which 34 full papers were finally selected for presentation in the E-conference, which includes 10 contributed international papers as per MOU from Jahan University Afghanistan.

## AEACDS -2023 Outcomes

Department of Computer Applications has organized the 4th International E-Conference on computing and Data science with the theme: Advanced an Emerging Applications in computing and data science (AEACDS 2023). The E-conference has been contributed by the distinguished international speakers such a Prof. Brain A. Barsky (USA) , Prof. Laith(ERBIL) , Prof. Karki (NEPAL) and National Speakers such as Prof. Batulla (MNIT Jaipur)and Prof. Rahul Katarya (DTU Delhi) . A total of 60 abstracts from International and National Authors has been Received for the contribution in the conference mainly across the globe from USA, Kabul , Nepal , Africa, Kurdistan ,Erbil etc. and across India from Tamil Nadu , Delhi , Rajasthan , Kerala , Uttar Pradesh , Haryana and Punjab along with the internal contribution from CA faculty and students,

out of which 34 full papers were finally selected for presentation in the E-conference, which includes 10 contributed international papers as per MOU from Jahan University Afghanistan. The overwhelming response of the E- conference was appreciated globally by the speakers, presenters and the contributed authors as per the feedback received. The outcome of AEACDS - 2023 is to bring together researchers and practitioners from academic and industry to highlight the importance of computing technologies and data science as well as establish new collaborations in these areas. The conference AEACDS 2023 looks for significant contributions to computing, data mining and data science in theoretical and practical aspects. thanks all the contributors, speakers, paper presenters and committee members for making this conference a grand success.
